## DESCRIPTION

Wake up slowly to the sounds of tropical birds and the soft whisper of nature. With a personal chef available upon request, breakfast is served every morning right beside the spectacular 18-meter swimming pool. So take your time while you decide whether to spend your day sunbathing, enjoying a relaxing massage, or sipping margaritas on the deck. Later on, watch the sunset from the lounge that overlooks the jungle and then gather around the garden's fire pit for a pleasant evening with friends and family.

Each of the residence's 8 suites is completely independent, equipped with private bathrooms, AC, and tasteful furnishings to accommodate up to 16 guests. And while the ground-level rooms boast their own private pools and gardens, staying upstairs means more time to spend relaxing on the terrace or stargazing through your bath's wonderful skylight.

Let curiosity guide you. Tulum is full of things to do and places to explore. You can visit the only Maya city built by the ocean, or go snorkeling in a marvelous Caribbean coral reef. Maybe you're feeling adventurous and want to try scuba diving in a cenote, or you'd rather go out for a bit of fine dining in the buzzing city center. Whatever you decide to do, 16TULUM is the perfect base to discover everything the Riviera Maya has to offer.
