Modern Comforts Throughout the Villa

The property combines its traditional character with a range of modern facilities. Individually controlled underfloor heating and central heating provide comfort during cooler months. In addition, every room has its own air conditioning unit.

Electric blinds and security glass add further convenience. A private elevator also connects the different floors, making it easier to move around the house.

Landscaped Gardens and Private Saltwater Pool

Outside, beautifully maintained gardens create a peaceful Mediterranean retreat. The private saltwater swimming pool takes centre stage, offering the perfect place to cool off and enjoy the sunshine.

There is plenty of space for outdoor relaxation and entertaining. As a result, the gardens work equally well for lively family holidays and quieter escapes. A private well irrigation system also helps maintain the lush landscaping throughout the year.

Parking is convenient too. The covered garage accommodates up to two cars, with additional outdoor parking for several vehicles.
