Luxury Villa Living

Villa Wynne

This superb hillside estate lies immersed in the spectacular scenery of the Maremma. It is only 20 minutes from the sea and offers breathtaking views across the water to the islands of Giglio and Montecristo in the distance. This area of coastal Tuscany has been an elite destination for years and the rolling hills and olive groves set against the azure waters of the Mediterranean have a calming effect on both body and soul. The property stands in 80 hectares of immaculate grounds, ancient vineyards, olive groves and woodland. The private stables have beautiful horses belonging to the owner so why not try exploring the Maremma in the traditional way, on horseback? The Maremma is famous for its butteri, Tuscan cowboys who, until fairly recently, drove the Maremma cattle on horseback. If you're really lucky, you'll even see some of the indigenous wild horses galloping along the beach at sunset.
