DESCRIPTION

Cycladic Villa with Pool and Sea Views

This Cycladic villa with pool and sea views offers a refined stay in a 4,000 sq. m. property filled with Mediterranean flora. Villa Bobbit spreads across two levels and covers 200 sq. m. of indoor space. It combines traditional architecture, stylish interiors, and spacious outdoor areas.

The villa has been designed with respect for classic Aegean style. At the same time, it offers modern comfort and a calm luxury atmosphere. Soft lines, hand-crafted details, large windows, and natural materials create a warm and elegant setting.

This Cycladic villa with pool and sea views works well for guests who want privacy, comfort, and outdoor living. The 50 sq. m. private pool forms the centre of the exterior area. In addition, the patios, terraces, pergola, and stone-built dining areas create several places to relax and enjoy the view.

Ground Level Living Spaces

The ground level covers 110 sq. m. and opens directly onto two patios. One patio is covered and wind-protected. It overlooks both the pool and the sea, which makes it ideal for quiet outdoor moments.

Inside, the ground level includes a fully equipped kitchen, two living areas, a dining area, and a guest WC. One living area has a fireplace, which adds comfort and character.

The dining area features a restored antique dining table. It also includes a “voltos”, a traditional-style arch that brings classic island charm to the room.

Traditional Kitchen and Dining Area

The kitchen feels bright, spacious, and practical. It follows a traditional style and uses mainly wood and marble.

Classic SMEG appliances make the kitchen easy to use for breakfast, lunch, or dinner. As a result, guests can prepare meals in a space that feels both stylish and functional.

Large windows bring natural light into the ground level. They also frame magnificent views, helping the indoor areas feel open and connected to the landscape.

Upper Level Bedrooms

The upper level includes three spacious bedrooms. Each bedroom has a double bed and an en-suite bathroom.

The master bedroom offers pool and sea views. It also has its own individual closet and a calm private feel.

The two guest bedrooms also have en-suite bathrooms and sea views. They share a balcony, which gives guests a peaceful outdoor space to enjoy the scenery.

Outdoor Pool and Dining Areas

The outdoor area centres around the 50 sq. m. private pool. It blends beautifully with the Cycladic scenery and creates a relaxing setting for warm days.

Guests can also enjoy two stone-built dining areas. One sits beneath a shaded pergola and overlooks the pool area. Therefore, the exterior works well for long meals, afternoon shade, and evenings with family or friends.

With its private pool, sea views, Mediterranean garden, elegant interiors, and traditional Aegean details, Villa Bobbit offers a stylish Cycladic escape.
