DESCRIPTION

Beachfront Villa on the Libyan Sea

This beachfront villa on the Libyan Sea offers a rare and secluded coastal escape, set directly beside a beautiful sandy beach with shallow warm blue waters. Villa Caretta is surrounded by sand dunes, seasonal sand lilies, tamarisk trees, pine and cedar-covered hills, and a peaceful natural landscape. As a result, it works beautifully for large families, groups, or guests seeking privacy, nature, and an unforgettable beachfront stay in Crete.

The villa is built practically on the sea, allowing guests to step outside and walk straight onto the beach. This beachfront villa on the Libyan Sea also features 12 bedrooms in total, a main house, guesthouse block, extra guest room by the sea, spacious living room, dining room, professional kitchen, outdoor kitchen, four pergola-covered terraces, built-in sofas, outdoor dining areas, BBQ spaces, and beautiful views of the Libyan Sea.

The setting feels remote, natural, and deeply atmospheric. Therefore, guests can enjoy beach days, stargazing, al fresco meals, sea views, and quiet moments under the shade of tamarisk trees.

Secluded Beach and Natural Setting

Villa Caretta sits beside a secluded sandy beach with crystal-clear shallow waters. The surrounding dunes are covered with sand lilies that blossom in August.

Nearby hills are covered with pine and cedar trees, adding to the villa’s unique natural environment. Moreover, sea turtles come to this beach to lay their eggs in June, with hatchlings making their way to the sea in mid-August.

The absence of surrounding lights creates an incredible night sky. As a result, the villa is perfect for guests who want peace, nature, and a truly special coastal setting.

Sea Views and Beachfront Living

The villa is built practically on the sea. Guests can leave the property and walk straight into the water.

Tamarisk trees planted on the sand at the edge of the property provide natural shade. In addition, the private beach setting creates a peaceful place for swimming, walking, and relaxing.

From October to March, the sun sets directly into the sea in front of the beach house. Therefore, the villa offers especially striking views across the horizon during these months.

Luxury Villa Living

Indoor Living and Professional Kitchen

The spacious living room enjoys stunning views of the sea and mountain. It connects with the dining room and kitchen, creating a generous shared space for group living.

The kitchen is fully equipped with professional equipment. Moreover, it is suitable for cooking for more than 30 people.

This makes Villa Caretta ideal for large groups, celebrations, or extended family stays. As a result, the indoor spaces feel practical, sociable, and highly functional.

Outdoor Terraces and Dining

The villa’s outdoor living spaces create the feeling of a private resort overlooking the Libyan Sea. Four pergola-covered terraces provide shaded areas for relaxing and dining.

Built-in sofas and dining tables make these terraces ideal for al fresco lunches or dinners with sea views. In addition, two terraces include BBQ areas, one of them positioned by the sea.

An outdoor kitchen is also available on one terrace. Therefore, guests can enjoy relaxed outdoor cooking and memorable meals close to the water.

Main House and Guest Accommodation

Villa Caretta consists of two main blocks: the main house and the guesthouse block. There is also an extra guest room located by the sea.

The villa includes eight bedrooms and two family rooms with two bedrooms each. This gives guests 12 bedrooms in total.

With its beachfront position, direct sea access, 12 bedrooms, main house, guesthouse block, extra sea room, professional kitchen, outdoor kitchen, pergola terraces, BBQ areas, tamarisk shade, sea turtle nesting beach, night sky, and Libyan Sea views, Villa Caretta offers a remarkable private coastal retreat in Crete.
