DESCRIPTION

Spanning eighty-five feet, the terrace affords guests the luxury of enjoying the outdoors in any weather. Play billiards or table tennis, enjoy a frozen cocktail at the bar while watching a sports event on the outdoor television, or lounge on the sofa and read a book, occasionally glancing up to watch the children play in the infinity edge, beach entry saltwater pool before gazing out at the Caribbean Sea.

Three master bedrooms are accessible via the terrace or an interior hallway. Two of these measures eighteen feet square, and have en-suite bathrooms with walk-in showers and walk-in closets. The third master measures twenty feet squared and has an en-suite bathroom with a walk-in shower, an outdoor shower, and a Jacuzzi bathtub. There is also a two-bedroom family suite that shares an en-suite bathroom with a walk-in shower and bathtub. The parents (or nanny) room, considered the fourth master, has a secure private outdoor garden. The children's room can be set up as an optional king-size bed, twin beds or as two sets of custom made bunk beds. All bedrooms have been floored in beautiful teak wood, are comfortably air-conditioned and have forty-two-inch televisions with cable access.

The great room has a seventy inch LCD TV and video game system. WiFi internet is available throughout as well as a wireless speaker system (SONOS) in the public spaces which can stream thousands of radio stations from around the world.

The villa sits on two acres of manicured grounds which includes an impressive playscape for children with swings, and a fifteen-foot slide. Incorporated into the drive-way is a half basketball court.

The villa staff includes your own personal butler, a chef, two-chamber maids, a laundress, and a night manager, all of whom will cater to your every need.

One of the delights at Allamanda is the chorus of cicadas and tree frogs. Many guests leave their windows open all night for these signature sounds of Jamaica at night-time.
