Almond Hill

Almond Hill was designed by Prince Kasimir Korybut in 1993. It was brilliantly renovated, creating a contemporary beautifully decorated home with french doors opening from all of the bedrooms to the garden and bathrooms. Almond Hill is a lovely private home located on a former 500-acre coconut plantation just 22 minutes west of Montego Bay and a five-minute drive from Round Hill where guests enjoy complimentary resort membership.

DESCRIPTION

A stunning renovation has created the all-new design of picture-perfect bedrooms and modern en-suite bathrooms. Notable are two outdoor showers, one off the master bedroom, and another by the pool.

Tall library shelves in the high-ceilinged living room house an abundance of books, movies, cable television, and a 6-speaker sound system. Bring your favorite DVDs and enjoy Almond Hill's outdoor movie theater. Your staff can serve popcorn and ice cream for a fun evening!

Down a gentle slope, a few steps from the house is the large private pool. Its poolside gazebo is a favorite spot for shaded lunches and private laptop time.

Perhaps best of all is Almond Hill's design around the comfy verandah ~ cooled by trade winds and located for its superb view nine miles across the sea to the harbor and town of Montego Bay. A haven for reading and napping, afternoon tea, and conversation, the verandah is most memorable for wonderful candlelight dinners served here with the romance of distant lights of the town and cruise ships reflecting on the bay.

While extraordinarily private behind its iron entrance gates and not actually within Round Hill proper, Almond Hill is situated in the Round Hill Estate, a five-minute drive from the Round Hill gatehouse, hotel, beach club, and excellent Continental restaurant. Each week, two themed beach party buffets welcome Almond Hill guests for various fees.

If you left your pets behind while you take a vacation, be advised that Almond Hill is home to some lovable family dogs who are granted free run of the house and grounds but can be kept away if you require!
