DESCRIPTION

Inside, the property is tastefully decorated with Scandinavian inspired and stylish furniture. The penthouse has a stunning living and dining area which is very bright and spacious and connected to the open plan kitchen. From here, there is direct access to the spacious terrace which is simply amazing.

This property available for rent is perfect for those who like to spend time outdoors on their holiday as there are so many areas to enjoy. Sit back and relax in the lounge area with a good book or enjoy some delicious food in the al fresco dining area. There are also steps that lead up to the roof terrace with panoramic views.

The bedrooms are beautifully presented, 2 of them with ensuite bathrooms. The third bedroom is a little bit smaller in size with a smaller bed. The complex is built in the well-loved traditional Andalusian style, so what we love about this property for rent is the combination of authentic Spain with modern luxury interiors.
