DESCRIPTION

Ideal for large groups and entertaining, this expansive 5 bedroom 4.5 bathroom luxury villa is set on the hillside on sloping manicured grounds. Local stone, coral and wood accents imbue the 8000 square foot villa with warmth.

An interior, gated courtyard leads from the main entrance, open to the sky and featuring a koi pond and water feature, and arch motifs carry from exterior to interior to create a seamless flow through this single storey luxury villa. The lines between indoor and outdoor are blurred as the formal lounge room opens out onto an extensive wrap-around veranda framed by a stunning infinity pool. To the left of the formal lounge is the modern, streamlined state of the art kitchen and informal eating area, as well as a formal dining area with a refectory table that seats up to twelve. To the left is a casual den/TV lounge.

The bedrooms are large but warm and intimate, and designed for waking hours lounging as well as sleep. The aesthetic throughout is casual, chic Caribbean with thoroughly modern amenities.
