DESCRIPTION

The lower level has the big game room with lots of board games, another full refrigerator, a large bedroom (two twin beds with trundle beds) that can sleep four or be pushed together for a king and a full en-suite bathroom.

The main floor has a gorgeous corner living/dining room with two sofas, a dining table for 8, a fully stocked "chef's kitchen" with two dishwashers, a breakfast bar and 4 bar stools. There are five French doors that lead out to a huge screened porch. The porch has two more dining tables that pushed together can seat 12 or more, ceiling fans, lots of seating, chaises and a heavenly napping bench.

Off the porch is a large sundeck with more chaises, a gas grill and more panoramic views. Also on this middle floor is a master-size bedroom with a King bed and doors that open to the screened-in porch. The large windowed bathroom is across the hall and there a washer/dryer.

The top floor has three bedrooms all with fabulous ocean views. (One queen, one king, and the third with two double beds.) The top floor also has one full bathroom, a computer desk another small sitting area.

WYKEE ESTATES

'Bahama Mama' is located in a charming community of only eight other stone houses. Wykee Estates was built in the 1940's for the first Premier of the Bahamas as a holiday retreat for his family and staff. Our house is the only home built more recently.

WORK OUT!

A new, stationary Variis bike was just installed and offers streaming SOUL CYCLE classes. You must bring your own cycle shoes with DELTA CLEATS. There are also free weights (2,3,5 and 8 lbs) and yoga mats.

The home was totally renovated when I bought it and it's been beautifully maintained. We have split A/C units, lovely linens, comfy mattresses, beautiful landscaping, mature fruit trees, and tether ball

THE POOL & PINK SAND BEACH

Wykee Estates has a gorgeous low chlorine, saline pool with teak chaises that is shared with the other residents, but surprisingly it's hardly used. I also rarely see anyone on our magical pink sand beach that is easily a half mile long and is just beautiful.

GOLF CARTS

Both the shared pool and beach are just a few minute walk from the house or a 30-second golf cart ride (two golf carts come with the house).

BEST LOCATION

We are in a great location just five minutes by car from the town of Governor's Harbour and eight minutes from the GHB airport. You can also walk five minutes or take the golf cart to the Sky Beach Club with its restaurant, spectacular views, lounge chairs, infinity pool with swim-up cocktail bar.
