DESCRIPTION

Four bedrooms, living/dining areas, and a private swimming pool are only a few of the grand amenities offered to guests at this beachfront property. There is so much guests can do both in and around the villa as there are beachside restaurants and bars to explore or enjoy the tranquillity of the surroundings from the comforts of your home away from home. Designed with two hallways holding the four bedrooms, the villa provides a sanctuary to guests that they can retreat to when in need of some quiet time!

There are two distinct hallways at Ban Laem Set, each holding two of the four bedrooms at the villa. The master suite with a king bed and another room is found in one of these hallways. The master bedroom is opulent, spacious, and the most comfortable bedroom of all and both of these rooms lead outdoors to the pool deck and garden. The other two bedrooms can be reached via a glass doorway and they are furnished with king bed and twin bed for a comfortable night's sleep.

Two of the four bedrooms has an en-suite bathroom, and two other rooms share an inter-connecting bathroom. The master bathroom has a sunken bathtub and glass walls that look out to the ocean and bordering palm trees. The bedrooms are air-conditioned to maintain a cool and calming climate indoors. All rooms have dedicated bathrooms with rain showers and the bathroom amenities (shampoo, conditioner, body wash, and hand wash) are all-natural products with essential oils made in Koh Samui.

Since the villa extends out to the beach, it may as well be your private haven because you can head outside as and when you wish, for the ocean is right there! The villa itself hosts a 13m swimming pool that resides right in the middle of natural splendour. There are palm trees fringing the periphery of the villa to encircle it in a pleasant manner. Guests can lounge on the sun chairs with ease as they are placed under large parasols to keep you from direct sun.

Featuring water hyacinth furniture as its centrepiece, the comfortable living room is ensconced within glass doors and walls to allow you to look around at the natural surroundings with ease. The comfortable sofas are a place for relaxation and rest where you can kick back and enjoy the serenity. The traditional interiors create a warm and homely ambiance wherein guests can spend some quality moments with loved ones. Antique armoires stand in the corner and the high-pitched ceiling is Thai in its very element.

A large dining area with ample seating for everyone stands in the living room as well for family meals and feasts. The kitchen is fully-equipped, found behind wooden doors, and you have every bit of modern appliances and amenities you could hope for. The living area adjoins to a study as well a guest bathroom for the ease of guests. The living area opens out to the pool area so you have a pleasant view at all times.

The villa offers exceptional services to guests, including housekeeping and maintenance to keep the villa spotless throughout your stay. A private chef is included, ensuring delicious meals can be prepared to your taste. Additionally, a daily breakfast is provided as a complimentary part of your stay, so you can kickstart your day with a satisfying meal. In-villa massages can also be arranged for an additional charge, offering a touch of indulgence at your convenience.

The villa is beachside so you have easy and immediate access to its sandy shores as it becomes almost impossible to resist the ocean call out to you. There are some restaurants that offer a good experience besides excellent food and these include Beyond the Sea and La Bonne Cuisine, to name a few!
