DESCRIPTION

Tropical Sanctuary at Banyan House Barbados

If you are searching for a unique and stylish island retreat, Banyan House Barbados is an exceptional choice. This property presents as a true luxury villa nestled within a private and quiet enclave. The exterior is defined by mature trees, lush greenery, and swaying coconut palms that create a peaceful atmosphere. A newly added fire pit with comfortable seating and soft fairy lights beckons as a warm space for family gatherings. Because the main holiday home is a single-story design, it flows effortlessly between the indoor and outdoor areas. Furthermore, the villa is specifically designed with entertaining and relaxed lounging in mind.

Elegant Interiors and Eco-Style Design

The interior of Banyan House Barbados features a fresh and modern aesthetic. The new décor is executed in soothing whites and earth tones with plenty of tropical greenery throughout. For instance, the breezy sitting room is furnished with elegant bamboo furniture and offers wonderful garden views. Adjacent to this space, a covered dining area provides seating for up to twelve people. This spot is perfect for long lunches while looking out at the pool and the verdant grounds.

The bedrooms all follow a similar theme of refreshing green plants and decorative pieces of eco-style art. The master bedroom is particularly spacious and features a full ensuite bathroom and air conditioning. Two additional bedrooms in the main house are decorated in a matching style. These rooms also include ensuite bathrooms equipped with soothing rain showers. Of particular note are the eclectic washboard shelves and modern basin sinks that add character to the space.

Gourmet Kitchen and Premium Outdoor Amenities

If you love to dabble in the kitchen, you will enjoy the fully renovated culinary space. It includes a small breakfast nook and a high-end stove that is a true chef's delight. There is also a buffet area located just off the kitchen for serving family-style meals. Crowning off this renovated holiday rental is the large swimming pool. It is surrounded by expansive deck space and is the perfect place to float lazily with a chilled glass of wine.

Against the backdrop of majestic trees, the poolside gazebo serves as a favorite feature for guests. This area is equipped with a professional barbecue, a wet bar, and a dedicated wine cooler. To enhance your vacation, the villa also includes a Boston Whaler speedboat along with a professional boatsman. For those who require extra privacy, the property features a two-bedroom self-contained cottage. This breezy annex is perfectly suited for teenagers or couples seeking their own space. In summary, this luxury villa in Barbados is truly one of a kind.
