DESCRIPTION

Inside, polished tile floors gleam but nothing in comparison to the magnificent onyx stone kitchen island that acts as a lavish centerpiece in this otherwise understatedly elegant home. This same natural opulence threads its way up the luminous underlit stone staircase to the second floor. Here, you will find a master suite replete with indoor and outdoor seating area as well as fire pit and private balcony. More sumptuous decadence greets you in the master bath where rich granite blankets the walls, countertops and shower. Indulge in the pure artistry of stone. The main house features 4 bedrooms, 3 of which command captivating views over sparkling cerulean waters. A separate wine room and media room round out the home's appreciation for the finer things in life.

Stepping stones set amidst an idyllic shallow pool separate the main house from the 2-bedroom guest house. Granting the occupants privacy whilst sharing the same magnificent views.

Blondel Cove offers no shortage of outdoor pursuits for the actively inclined. Whether you want to kayak and escape to the neighboring mangroves, start your day with a round of tennis, hit some balls at the golf driving net or maintain your fitness at the fully equipped gym. There's entertainment and fun to be had by all.

And no vacation would be complete without the peace of mind that comes with knowing all your cares are being attended to. The house comes fully staffed with chef, butler and housekeeper so that your wishes, both those implicitly and explicitly expressed, are expertly tended to.
