DESCRIPTION

Chalet Alessia – Luxury Alpine Chalet in Selva di Val Gardena

Chalet Alessia is a refined alpine retreat set in the heart of Selva di Val Gardena, offering a rare balance of privacy, design, and direct access to the world-renowned Dolomiti Superski. Located just 100 metres from the slopes, the chalet provides effortless access to skiing while remaining within walking distance of the main cable cars.

Framed by breathtaking views of the Sassolungo and Sella Group, the property seamlessly connects indoor living with the surrounding alpine landscape.

Expansive Living & Entertainment Spaces

The lower level of Chalet Alessia is designed for social living and entertainment.

A spacious open-plan lounge with a bar area creates a warm and inviting setting, complemented by a large screen that transforms the space into a private cinema. In addition, a generous dining area with a large wooden table accommodates up to 14 guests, ideal for shared meals and gatherings.

A fully equipped professional kitchen supports private chefs, while a gym, wine cabinet, and gas fireplace complete this level. As a result, the entire floor functions as a stylish social hub for evenings after a day on the slopes.

Elegant Bedrooms with Mountain Views

The upper level is dedicated to rest and relaxation.

Three beautifully designed double bedrooms each feature en-suite bathrooms and floor-to-ceiling windows opening onto terraces or balconies with panoramic Dolomite views. One bathroom also includes a private sauna, offering a unique wellness experience overlooking the mountains.

Additionally, a secondary living area with a kitchenette provides a quiet retreat for reading or unwinding.

Luxury Villa Living

Outdoor Living, Jacuzzi & Fire Pit

The chalet's outdoor spaces extend the living experience into nature.

A panoramic jacuzzi sits at the centre of the garden, surrounded by lounge seating, sunbeds, and an al fresco dining area. A fire pit with grill creates the perfect setting for evenings under the stars.

Consequently, outdoor living is just as immersive as the interiors, with uninterrupted views of the Dolomites in every season.

Private Estate Potential & Garage Access

Chalet Allessia offers flexibility for larger groups.

Through an underground connection, it can be linked to a neighbouring chalet, creating a private estate for up to 20 guests while maintaining privacy between residences. A private underground garage with electric charging stations provides direct access to the chalet via elevator.

Prime Location in the Dolomites

Located in Selva di Val Gardena, the chalet sits at the heart of one of Europe's most prestigious mountain regions.

In winter, guests enjoy access to the Sellaronda and extensive ski network. In warmer months, the area transforms into a paradise for hiking, cycling, and outdoor exploration.

Nearby destinations include Ortisei, Santa Cristina, and Cortina d'Ampezzo, offering culture, dining, and alpine charm.

A Year-Round Alpine Escape

Chalet Allessia is a luxury chalet designed for every season.

Whether visiting for skiing, summer hiking, or a peaceful autumn retreat, it offers a sophisticated base immersed in the natural beauty of the Dolomites.
