DESCRIPTION

Just like its twin - Chalet Licorne - the Chalet Licorne des Neiges offers a unique mountain experience. In a refined atmosphere, the decoration plays on the harmony of contemporary furniture with mountain codes. Glass surfaces or metal and cowhide seats awaken the traditional alpine style. Here, space is the ultimate luxury. The large living area offers guests a lounge with fireplace, a dining room, a relaxation area and a library.

This prestigious chalet can accommodate ten people in its five double bedrooms. The master bedroom, on the top level, has a bathroom, dressing room, study and balcony. The first level of the chalet is dedicated to relaxation and well-being. There is a superb indoor swimming pool with baroque influences. There is also a jacuzzi, a sauna, a hammam and a massage room.

If you are looking for a modern and fully equipped cocoon in the 3 Valleys, large enough to accommodate your family or your tribe, the Chalet Licorne des Neiges is for you. Its location at the bottom of the slopes will charm you to the point you will be obsessed with one thing: coming back!
