### DESCRIPTION

The architect conceived a truly unique interior. When you arrive in the spacious living area, you will be surprised to discover different ceiling heights. The architect wanted to have both the volume of open areas and the intimacy of closed spaces. The dining room and its open plan kitchen feature high ceilings from which hangs a marvellous chandelier. Whereas, the living room features lower ceilings that provide both the chalet feel and this sense of intimacy. A sublime central fireplace is located at the junction of these two living areas and provides this additional touch of warmth to this already incredibly welcoming universe of wood ceilings and stone walls.

From the living room, step out to a lovely terrace to enjoy the breath-taking view onto the Alpine peaks. A crackling fire, the panoramic view of the snowy peaks, two wide and cosy sofas facing each other. you have all the conditions to spend a special moment with family and friends.

Chalet Pure Black Crystal features a relaxation area with a massage room, sauna and a beautiful indoor pool. If you prefer to enjoy the fresh air of the mountain, go to the nordic bath located on the terrace of the ground floor.

The rooms are all incredibly cosy and welcoming. The floors invite your feet to enjoy warm carpets, natural wood dresses the walls and clear textiles bring a cocooning note. Children have their very own space: a bedroom with bunkbeds of typical Savoyard decoration. Let's have fun climbing up those sturdy ladders to reach the bed!

Chalet Pure Black Crystal offers a traditional and chic atmosphere. You will be captivated by the authentic character of this superb property with upscale amenities. It is the ideal place to spend time with your family and/or friends and relax while enjoying the tranquillity of the mountains and the magnificent panorama accessible from your living room or installed on the balcony, in comfortable long chairs.
