### DESCRIPTION

Chalet Pure White Crystal offers a very spacious living area featuring the living and the dining room as well as an open kitchen. They are all articulated around the sublime central fireplace. This cathedral room bathes in the natural light thanks to the large windows, which offer you breath-taking views to admire without moderation! Whether you are enjoying the landscape while staying warm in your sofa by the fireplace or comfortably seated in the armchairs dressed in furs on the balconies.

This chalet benefits from an extraordinary luminosity. All rooms enjoy the natural light shining through the large windows. The light wood and stone, noble materials typical of mountain chalets, are perfectly combined in the entirety of this property. The majestic exposed frame of the ceiling and the central fireplace in the living room brings a unique and warm character. The plaids, cushions and wide sofas on large soft carpets, bring a cozy atmosphere, and makes you want to wrap yourself in a plaid, by the fireside.

How about relaxing in the beautiful swimming pool, where you also enjoy a beautiful view of the mountains. You can also go to the terrace on the ground floor where you will find an nordic bath, quietly located and surrounded by snow-covered fir trees, allowing you to appreciate the view.

After a great day of skiing, share a moment with the people who are dear to you, in all simplicity, disconnected from reality for a moment, to enjoy these precious instants.
