### DESCRIPTION

Designed by French freeskiier and rally driver Guerlain Chicherit, it comes as no surprise to see cars featuring prominently in this chalet. A Mini has been converted into a pool table, and a Jeep and VW camper vans have been transformed into beds in a communal children's 'garage' room.

Tailor-made for entertaining, the open plan living area has a fully-stocked bar as well as musical instruments including an electric guitar and Marshall amp. The dining table seats up to 14 guests and there is a comfortable TV area and open professional kitchen too.

Chalet Rock n' Love certainly doesn't scrimp on facilities when it comes to wellness. The heated, indoor swimming pool, complete with water fountain and inflatables, is sure to provide some après-ski entertainment.

Those looking for total relaxation can find it in the steam room or massage room, complete with hydro jet bed. In contrast to the bold interior of the chalet, an outdoor hot tub provides calming mountain views. A gym equipped with cross-trainer, rowing machine, punch bag and kettlebell weights will help you burn off excess energy on bad weather days.

Five individually designed bedrooms accommodate eight adults and six children. In keeping with the retro theme, song lyrics from famous rock bands have been embroidered on the carpet and each bedroom has a matching en-suite complete with bathtub and separate shower. On the first floor is a double bedroom with en-suite bathroom and terrace access. A further three en-suite double bedrooms are located on the first floor. One of these has a mezzanine area with a single mattress which is ideal for a child.

The fifth bedroom, also referred to as the 'Garage Room', has three vehicles which have been turned into fixed double beds with their own mounted TV.

Overlooking the slopes and village of Tignes les Brévières, the chalet is a short walk from the lifts and the village.
