Chalet Whistler – Luxury Mountain Retreat in Whistler

The Property

Chalet Whistler is an exceptional mountain retreat designed for unforgettable group getaways in the heart of Whistler. Combining generous living spaces, premium amenities, and a prime location close to the village, this expansive chalet offers the perfect setting for family gatherings, corporate retreats, and celebrations in every season.

Accommodating up to sixteen guests, the property features eight spacious bedrooms and nine bathrooms, thoughtfully designed to provide comfort, privacy, and convenience for larger groups. Surrounded by spectacular mountain scenery, Chalet Whistler blends contemporary alpine style with warm and welcoming interiors, creating a luxurious home away from home.

Whether visiting for skiing, hiking, mountain biking, or simply relaxing in the fresh mountain air, the chalet offers an ideal base from which to experience everything Whistler has to offer.

Interiors

The interiors have been designed with both entertaining and relaxation in mind. At the heart of the home is a spacious open-plan living area where oversized sofas, a cushioned bay window seat, and a feature gas fireplace create a welcoming atmosphere after a day spent outdoors. Large windows allow natural light to flood the space while framing beautiful mountain views.

Eight beautifully appointed en-suite bedrooms provide ample accommodation for guests. Six bedrooms are located on the main level and offer a combination of king and queen beds, each complemented by a private bathroom with walk-in shower. Two additional en-suite bedrooms are situated on the upper level, continuing the chalet's emphasis on comfort and privacy.

The gourmet kitchen is fully equipped to cater for large groups and memorable gatherings. Featuring a professional 48-inch Viking range, double refrigerators, double dishwashers, and extensive preparation space, it provides everything needed for relaxed family breakfasts or elaborate evening dinners. The impressive 18-foot dining table comfortably seats up to eighteen guests, creating a natural focal point for shared meals and celebrations.

For entertainment, Chalet Whistler features a dedicated home cinema room complete with an 80-inch smart television, surround sound system, and tiered seating. This inviting space is perfect for movie nights, sporting events, or simply unwinding after an active day in the mountains.

Exteriors

The outdoor spaces have been thoughtfully designed to embrace Whistler's spectacular natural surroundings. A spacious second-floor balcony offers beautiful mountain views and features two built-in barbecues, creating the perfect setting for alfresco dining and entertaining.

The private outdoor wellness area includes a hot tub and sauna, allowing guests to relax and rejuvenate after skiing, hiking, or exploring the village. A fire pit creates a cosy gathering space on cooler evenings, while the putting green provides a fun and unique addition for guests of all ages.

The property also offers ample outdoor space for enjoying the fresh mountain air, along with five cruiser bicycles available for exploring the surrounding area during the warmer months. An expansive private driveway accommodates up to eight vehicles, making arrival and departure effortless for larger groups.
