DESCRIPTION

Built around a pool area well supplied with daybeds and sun loungers, the villa offers a large, light living area, with a TV and internet corner enclosed by a semi-circular white leather sofa, and a large, open plan kitchen with a breakfast bar around the cooking space for sociable meal preparation.

Stylishly furnished throughout with high quality materials and great attention to detail, the whole villa is full of light and boasts some unusual features such as white leather beds, a bathtub, and a huge shower cabin. Three bedrooms, each with ocean view (from the bed!) and its own shady little terrace, open onto the sun-drenched pool area, which benefits from a constant sea breeze. A large roof terrace provides more space for sunbathers.

All of this, within a few minutes drive of the main town of Gustavia and of the popular Gouverneur beach, makes Villa Dasha one of the most attractive of the St Barths rental collection.
