DESCRIPTION

On arrival through the oversize bespoke Jamaican made door, surrounded by crystal clear pools and fountains, you find yourself in a double height entrance hall, welcoming you into the main indoor & outdoor living areas and the beach and bay beyond. The formal dining area on the left is curtained by a wall of windows, allowing the sounds of the fountains to murmur through the villa. On the right, is the comfortable sitting room, furnished with soft, deep leather sofas – both areas capture the Tradewinds breeze, keeping the villa cool at all times. Walk directly through one of three, 25ft doors onto the outdoor covered terrace, offering more dining and seating and a large bar, with an 86" TV for watching your favourite games and a JUTA D6 cappuccino/espresso station.

Inside/outside living at its best. The covered terrace leads to the infinity pool, outdoor kitchen, more dining options for casual lunches or afternoon snacks, a gazebo overlooking the pool, hot tub and a grassy lawn that borders the 150ft beach below, accessed by a 30ft wide set of steps.

On the ground floor there is a professional kitchen, where the Chef & Pastry Chef prepare the most incredible meals for you. The ground floor also offers two bedrooms, including one of the master bedroom suites and the steam & sauna room. Both of these bedrooms have an over water private terrace that can access the main outdoor living areas.

The upper level has 5 bedrooms, including the second master bedroom suite, two king size bedrooms, one bedroom with two queen-size beds, all with ocean views and private balconies, the fifth bedroom has 3 queen-size beds and faces the gardens and tennis court.

On this upper level you will also find a massage/spa room with a garden facing balcony, a super sumptuous media room with 96" TV and its own entertaining balcony, a JUTA D6 cappuccino/espresso station and a games room with a pool table, arcade basketball, Pacman and foosball table.

All bedrooms have walk-in closets, modern bathrooms with walk-in showers. Some bedrooms also have soaking tubs. The beautiful artwork throughout the villa, many by re-known Jamaican artists is stunning and complementary.

Walk down the seaside jetty to a covered ocean side gazebo with comfortable seating, a bar and a sundeck for sundowners or a shady place for an afternoon snooze.

The front of the Villa is home to a full tennis court/pickle ball court – lit for night time play, a fully equipped air-conditioned gym and a large lawn for games

Everything in this villa is a feast for the eyes.
