### DESCRIPTION

The villa consists of three air-conditioned en suite bedrooms. The master suite and second bedroom are on the first floor while the third bedroom is on the ground floor. All of the bedroom suites open up to a private balcony, the perfect place to have your morning cup of coffee or to read a book in peace and quiet. Local art gives accents of bright tropical colours and beautifully complements the coral stone walls. The well-appointed bathroom for the master bedroom and second upstairs bathroom both features an outdoor shower; there is a shower in the downstairs bathroom. A further powder room is located on the ground floor.

The ground floor lounge is beautifully and tastefully furnished and double French doors open onto a covered patio area with a built-in bar, plunge pool and alfresco dining. The dining table seats up to 10 persons and is flanked by a stunning custom-designed sculptural mirror. At night the entire patio transforms into a magical oasis lit by handmade copper lanterns and specially designed handmade candle sconces making it an ideal place to entertain and relax with friends.

The villa is outfitted with a wine cooler and an ice machine ensuring guests can enjoy a refreshing drink. In front of the patio is a cool shaded tropical garden that opens up to the beautiful white sandy beach known as Gibbs Beach. Here you can swim in the calm, turquoise Caribbean Sea.
