DESCRIPTION

The perfect getaway spot for a large family, or 3-4 couples, Iggy Blue sleeps 8 guests across four-bedroom suites on the upper level each with walk-out access to a shared oceanfront balcony.

The lower-level great room features an open-concept design with ocean views throughout the living, dining, and kitchen areas. The living area comes furnished with a plush sectional sofa, modern decor, and a large television. Sliding glass doors provide walk-out access to the home's furnished screened porch.

An elevated pool deck overlooks a sandy private beachfront with excellent snorkeling just steps off the back door! A large heated spa sits on the screened porch to melt your troubles away under the shade and free of pesky insects.
