DESCRIPTION

Its different spaces are organized around the central patio, great for enjoying a bit of cool in the middle of summer. Mostly opening onto the outside, the villa has six bedrooms including a master suite. All of them are on the same level, except for one bedroom located on the first floor, with its private *tropezienne* terrace (built into the roof) overlooking the bay. The view is just as magnificent from both the living rooms and the terrace, from where one can admire the unforgettable sunrises over the sea.
