DESCRIPTION

Set within a tropical garden, it is a most striking property. It stands at the northern end of the Sandy Lane Beach, which offers excellent bathing, and commands a view of the entire bay.

The house, built mostly of local coral stone, has a large open-plan living area and a separate dining pagoda. To complement the architecture, its furnishings are of the finest quality. There are four luxury air-conditioned suites, three on the ground floor level and one on the first floor, each with a private bathroom, overlooking the garden and the bay.

Also for rental on the grounds is Landmark Cottage, which offers an additional two bedrooms and two bathrooms and is available for an additional cost. This attractive cottage has a distinct tree-house feeling, with the living and dining on upstairs patios overlooking the attractively landscaped grounds of the complex. Both double bedrooms have en-suite bathrooms and are air-conditioned. There is also an excellent 18-hole golf course at the nearby Sandy Lane Hotel. Landmark is a distinguished property and its popularity is easy to understand.
