DESCRIPTION

Conveniently located within a short drive to Rum Point Beach, guests are also only a 5-minute walk from The Kaibo Marina and Starfish Point. A rental car is strongly recommended, as taxi service is unreliable outside of Seven Mile Beach and there is no Uber or Lyft on the island.

Upon arrival, your on-island property manager will meet and greet you to answer any questions you may have about the area and provide a tour of the villa. Your property manager can also arrange additional housekeeping services should you require it. A caretaker comes included with the villa to maintain the property grounds raking the beach in the mornings and tidying the pool deck and outdoor grilling station. Grocery delivery can be ordered in advance of your arrival with pre-stocking handled by the caretaker free of charge.

The oceanfront great room is the indoor focal point of this home with its vaulted ceilings and 24-foot wide wall of glass doors leading to the veranda and pool deck. The pool is set below the veranda into an Ipe wood deck laid above the sand offering guests an immersive experience with beachfront views while cooling off during the hot summer months. Ceiling fans under the veranda provide an additional breeze for guest comfort. Multiple hammocks and palms trees line the backyard. Beyond that, the villa's private dock extends 100' from the beach over the clear water and is capped with a thatched cabana and 2 swinging benches.

Inside, a contemporary chef's kitchen features top-of-the-line appliances including a built-in Sub-Zero freezer, two Sub-Zero fridges, a Miele steam oven and two sinks each with its own dishwasher. The marble island is enormous and a natural gathering place. The *Petrof* grand piano in the living area is left unlocked and open for guests to play and enjoy.

Les Jalousies is configured to sleep 6 guests across 3 bedrooms with another 2 guests (10 yrs. or older) sleeping in the media room with adjacent full bathroom.
