DESCRIPTION

Luxury Beachfront Villa in Crete with Private Pool

Villa Gina is a beautifully restored luxury beachfront villa in Crete, offering a unique blend of history, character, and contemporary comfort. Originally built in 1910 as an important commercial station, this charming stone property has been carefully renovated to preserve its heritage while providing everything needed for a relaxing coastal escape.

Located just 30 metres from the sea, Villa Gina is perfect for couples seeking privacy, tranquillity, and direct beach access in an idyllic Cretan setting.

Elegant Bedroom and Comfortable Living

Villa Gina accommodates two guests in one beautifully designed king-size bedroom, creating a peaceful retreat for a romantic getaway.

The villa also features two modern bathrooms, providing additional comfort and convenience throughout your stay. Inside, the welcoming seating lounge combines natural materials with earthy tones, creating a warm and relaxing atmosphere.

Furthermore, the fully equipped indoor kitchen allows guests to prepare meals with ease while enjoying the villa's stylish interiors.

Beautiful Indoor-Outdoor Living

Following its thoughtful renovation in 2016, Villa Gina perfectly balances traditional Cretan architecture with contemporary design.

Natural stone walls, warm wooden finishes, and carefully selected furnishings celebrate the villa's rich history while introducing modern comforts. As a result, every space feels elegant, inviting, and connected to the surrounding landscape.

Private Pool and Beachfront Gardens

The outdoor spaces are designed for complete relaxation. The private swimming pool measures 4.5 x 10 metres and has been beautifully integrated into the natural surroundings, with water lilies and bamboo creating a peaceful atmosphere.

Guests can also enjoy several outdoor seating areas, comfortable sun loungers, an alfresco dining space, and a fully equipped outdoor kitchen with a barbecue. Consequently, every meal can be enjoyed beneath the Mediterranean sunshine.

One of the villa's most distinctive features is the rooftop terrace. After sunset, this tranquil space becomes the perfect setting for stargazing, with comfortable cushions and uninterrupted views of the night sky.

Prime Beachfront Location

Villa Gina enjoys a superb beachfront location with direct access to the sea just 30 metres from the property.

The nearby village of Livadia is only 2.5km away, while Chania Airport can be reached in approximately 89km. Therefore, guests can enjoy complete peace and privacy while remaining within easy reach of local amenities.
