DESCRIPTION

The 4000 features a spacious three-cabin layout. An owner's suite fills the entire starboard hull with ample storage, counter space, double bed, and a full private bathroom. Two additional cabins, each with double beds, share a full bathroom in the port hull.

The fully appointed galley is located forward to a spacious settee located aft. Oversized sliding glass doors open to the aft cockpit providing panoramic views from the interior and the best of indoor/outdoor living. With this newly adjacent indoor and outdoor seating, the 4000 layout will provide increased ventilation throughout and ample seating, creating an enhanced social ambiance for your entire crew.

Only on the Moorings 4000, you'll find a convenient front door that opens to the trampoline, perfect for easy access to sunbathing and relaxing with friends and family on your charter. When it comes to navigating, the Moorings 4000 features a raised helm station with a full range of Raymarine electronics, supplementary power from dual 29 hp engines and more - all combining to provide superior agility and speed on the water.
