### DESCRIPTION

It starts in her covered forward cockpit where you can marvel at the unfolding scenery under sail, or unwind to the gentle lapping of the waves on the hull while anchored – all with direct access from the saloon. Inside, oversized windows make this spacious saloon feel just as open as the waters around it, while a powerful air-conditioning unit provides a cool retreat from the outdoor heat. The saloon also features an aft galley with Corian worktop surfaces and a full range of modern appliances, utensils and storage space to make dining at sea an absolute breeze.

Forward of the galley, a plush settee wraps around a large table, an ideal setting for meals and conversations. Behind the saloon, sliding glass doors open to an aft cockpit with ample seating and table space under a lighted hardtop, perfect for dining al-fresco or wetting your toes in the water below.

To starboard, the elevated helm station provides 360-degree visibility under a hardtop bimini with all lines leading aft for easy handling. Thanks to the deep narrow-groove hulls and shallow draft, the 4400 provides a remarkably stable sailing experience with the ability to access smaller ports and secret beaches other boats simply can't reach.

A state-of-the-art Raymarine Instrument Package and twin Yanmar engines ensure safe and swift passages in a variety of conditions.

Below deck this yacht features four spacious cabins and room for up to 10 guests (using the convertible settee/table in the saloon). Each cabin includes a double bed with pillows/linens, ample storage space, large windows, and en-suite bathroom with an overhead shower and modern fittings.

As you can see, The Moorings 4400 is a versatile platform for sailing adventures and resort-style living in some of the world's greatest coastal destinations.
