DESCRIPTION

Dine outdoors comfortably, in the covered aft cockpit with wraparound seating and stools. Or, sip a cool drink in the large forward cockpit, accessible from the saloon. The well-lit interior features a modern and fully-appointed galley, saloon with a spacious U-shaped settee and panoramic view of the outdoor surroundings, as well as a flat-screen TV and air conditioning – all powered by the on-board solar panels and generator.

When it comes to your journey, the Moorings 4800 allows you to travel the open waters with ease. Average speeds under sail range from 7 to 10 knots depending on wind conditions. Handling is made easy from the raised helm station, which features 360-degree visibility, a full suite of Raymarine navigation electronics, an electric windlass with foot switch and all sail controls led to the helm. Supported by twin Yanmar 57 hp engines, the combination of these features allows the skipper near-effortless ease of handling.
