

## Luxury Villa Living

### Odyssey

Odyssey Villa is a modern four-bedroom vacation home situated directly on the protected reef of Lockrum Bay and one of three villas on the Kamique Estate. Built in a decidedly West Indies modern style, it was designed to showcase the stunning views from all but one room in the house (the smallest bedroom). The house naturally flows from inside to out, as do the entertaining spaces throughout. While most homes in Anguilla go black at night, Kamique homes face the beautiful mountains and beaches of St. Maarten, which twinkle across the water at night.

4 Bedrooms  
Sleeps 8  
Located on Lockrum Bay, Anguilla

### DESCRIPTION

This 4-bedroom villa is nearly identical to the commonly-owned Triton property that is next door and is connected via a pathway and gate that is between the 2 properties. Triton and Odyssey were each renovated in 2018/2019 and are an excellent pairing of homes for extended family and friends. Kamique's third home, 4 bedroom Anani, is also available for rental and allows for small groups and parties to enjoy a controlled and secluded environment.

Odyssey has a master suite on each side of the property, which include a private balcony and outdoor shower. Another king suite is below the East master suite. This room has an adjoining room with two queen beds that are perfect for kids. All bedrooms have en suite luxury baths.

Odyssey has a play area on artificial turf where guests can enjoy games such as cornhole. It also has a natural grass area where guests can play kickball or croquet. This area is bookended by an entertainment area with couches, a bar, fire pit, stools on the beach and an outdoor screen and projector for the perfect way to end a day. If you still have energy, beach bocce and tether ball await, or you can take a swim in the waters behind Kamique which sit on a naturally protected coral reef.

### Amenities
