DESCRIPTION

We think that it is one of these times when pictures speak louder than words and that all you need to see, you can see clearly. We are in love with this penthouse! Amazing location, amazing interiors, amazing taste, amazing views, a totally "take me there now" scenario. Athens city at your feet and the mythical Acropolis eye levelled in the distance.

Bedrooms and beds you don't want to leave in the morning and can't wait to fall in at night. If you fancy cooking, a super modern design kitchen awaits, and a BBQ at the huge veranda could easily take any munch or dinner to the next level. A spacious bright living room -with a really big tv that in vain tries to catch your attention- leads to a veranda that will leave you speechless. We know we said we needn't say much, but on the other hand, with such a beauty in our hands, how can we not?

You will have exclusive access to this unique rooftop apartment.

You can basically do everything and anything easily from here. All major transportation, including the Metro are at walking distance. So is the new National Museum of Modern Art as well as the hip Koukaki neighbourhood where you can find wonderful coffee shops, restaurants and bars. Syntagma Square and the Historical Center of Athens begins only a few blocks from where you will be. Some beautiful beaches are also half an hour away!
