DESCRIPTION

While an integral part of the residence with all its services, its exclusive location with independent access enables you to savor the feeling of being truly at home at the heart of the capital, while enjoying complete discretion. Here, the spectacular mingles with the intimate and the grandiose with the comfortable to ensure a simply perfect experience.

A legendary Paris unfolds each day when facing an extraordinary view of the mesmerizing Eiffel Tower. Featuring huge volumes adorned with all the outward signs of nobility typical of Haussmann architecture, the ingeniously arranged areas are ideal for easy-going family living. The ultimate rare and coveted privilege is a private garden planted with trees and flowers in the center of Paris, just a stone's throw from Place du Trocadéro.

Immediately upon entering the apartment, the space, the light, the contemporary interior design, and the generous sofas are an invitation to relax and relish the obvious pleasure of being together.

The Eiffel Tower sparkles, the ultimate wonder before falling asleep. The next day, the gourmet breakfast is served in the apartment, with the housekeeper on hand to provide bespoke, discreet, and informal service. The chauffeur-driven car awaits, heading for an exhibition to be viewed through a child's eyes and of course with the kids themselves! Why resist the enticing store windows, given that Paris is of course also all about shopping? Back at the apartment, the chef has transformed the kitchen into a small pastry workshop. What is your youngsters' favorite cake? The one they are going to make themselves
