DESCRIPTION

The bedrooms of this sophisticated villa have everything that defines comfort and serenity.

There are 5 spacious rooms here with en-suite bathrooms. The bathrooms have modern amenities, keeping in mind every guest's hygiene and need. Every room comes with a grand terrace with an ocean view, making it a calming spot to just laze around, have a coffee in solitude, spend time with loved ones or simply read a book. Two of these rooms are on the mid-level of the villa. The other three rooms are on a higher level with a shared terrace with an equally spectacular sight of the Sri Lankan Bay. The guests can be assured of a good night's sleep as there is a mosquito repellent net available in all of the rooms. You can also stay worry-free about the sultry climate as the rooms are equipped with ceiling fans as well as air-conditioners.

Villa Saffron House is surrounded by huge lawns that give you a feel of staying amidst the woods despite being close to city life. The guests will often find themselves spending a maximum of their moments near the large private infinity pool with a wooden deck. The pool has the most surreal ocean view making it one of the charming locations within the property. You can also chill around the pool as it has neatly lined sun loungers and sofas on each side of the pool area. On the upper level, there is a beautiful sitting area with a mini bar, a perfect place to host a little party with friends and family. Outdoor swing beds, an open dining and lounge areas are other highlights of this space. The outdoor area also has a well-maintained garden keeping it breezy throughout the year.

The villa has been designed in such a way that the interiors are blessed with a cool breeze 24/7. The high ceilings and lots of open spaces leave room for ample cross ventilation. Painted all-white, the minimalistic design with the choicest art décor exudes peace within all its rooms. The living room is well-done with antique furniture pieces. A separated massage room also available for guests. You can get steady access to the internet service.
