DESCRIPTION

Segura takes luxury to new levels. A modern interior layout and polished concrete floors grace the entire villa, including the large kitchen with a custom-made dining room table and indoor entertaining and dining areas. Set on three levels, the top of Segura includes a surround sound system and comfortable seating ideal for taking in the sun by day or moon and stars by night.

With five deluxe bedrooms facing North Sound, the villa provides a tranquil escape where you can relax and unwind. Each bedroom is decorated in muted and natural hues and has its own patio. Four bedrooms are cooled by the trade winds, whilst one is air-conditioned.

The dramatic and inspiring outdoor space at Segura Villa features an infinity edge pool and ample spaces to lounge and look out on Leverick Bay and the islands of Mosquito, Necker, Eustatius, and Saba Rock. For cool nights a fire pit adds to the ambiance. On the lower level, a small well-equipped gym sets the perfect tone. Simply put, Segura will take your breath away.
