DESCRIPTION

Hello ocean views! Sound of The Sea 6 bedroom villa is the best fit for those that want to escape the noise of Canggu and yearn for some peace and quiet next to the ocean, while still being close - 10-15 minutes away by bike - to the hustle and bustle of Batu Bolong and Echo beach. With plenty of activities, from a tennis court, to a floating massage parlour to a 100sq.m. open concept living room with sea view featuring comfy sofa spaces, to a 20m private pool, jacuzzi and kids' pool, one thing is certain: you will definitely NOT run out of things to do at this villa!

Loyal to its name, Sound of the Sea 6 bedroom villa is exactly that. It's a villa so close to the sea that you can literally hear the waves crashing on the sand. The villa's 20m pool, the kids' pool and jacuzzi (with unheated water) overlook Pereranan beach, which is just steps away from the villa.

Do select the master bedroom upstairs with its wooden bathtub on the balcony overlooking the beach. Fill the bathtub with bubbles, grab the best wine in the house and spend the sunset in the bathtub with the best ocean view! Do not let anybody bother you until it is time for a candle lit dinner on the grass area mere metres away from the ocean. And at night, the ocean breeze and the comfy beds will guarantee the best night's sleep so you can press enter and repeat all over again the next day.

Breathe deep and enjoy the outdoors

If your adrenaline starts pumping, challenge your friends to a tennis match at the tennis court that is shared with three other villas. Alternatively, this is the perfect spot for some morning or afternoon much needed massages. For the surfers, the beach just metres away is a world class spot for surfing.

In terms of bedding arrangement, there are six ample bedroom suites all with king size beds. The master bedroom also includes a separate kids' room with a toddler's bed. Two of the bedroom suites have stunning beach views. All of them are super spacious with en-luxury bathrooms with bathtub, shower and 2 sinks (only one bathroom does not have bathtub). The master bedroom features a smart flat screen TV with YouTube.
