## DESCRIPTION

The Stable House was recently renovated to feature an open concept kitchen, living and dining area, perfect for spending quality time together as a group. Five bathrooms are included, each with a shower, sink and toilet. Finally, an outdoor terrace with bench seating, a grill and a hot tub connects to large group sauna that can seat all sixteen guests.

Directly adjacent to the main Huso Lodge, the Stable House is at the center of the Huso experience. Huso Lodge itself is surrounded by nature, steps from many lakes, rivers, farms and endless trails for hiking, biking and x-country skiing, depending on the season. For large sized groups or families, the Stable House is ideal.

Stable House guests have access to amenities provided at the neighbouring Huso Lodge as well as the surrounding lakes, woods and trails.
