DESCRIPTION

Built atop a 90-foot rock headland offering a 360 degree panorama of ocean and islands, Steele Point presents unobstructed views of the opalescent waters below. The structure is a dazzling triumph of structural grace and ingenuity, attributes that prompted it to be featured in magazines, including Architectural Digest.

The main house welcomes you with an open, airy feeling. The villa features patios, courtyards, indoor and al fresco dining areas, and air-conditioned suites, all with private full baths.

The raised living area has a large L-shaped couch, a flat screen TV, stereo system, CD collection, and IPOD docking station. The Hibiscus suite is adjacent to the main living area with stunning views of the Caribbean Sea. Our Frangipani Suite, the astounding master suite, provides 360° views of the entire peninsula. It is the highest point on the estate and our newest addition. A lovers' delight, set at a discreet distance from the main house, it offers pure secluded comfort with a king-sized bed, a private bath, and outdoor shower.

The next level down finds the very secluded Gardenia Suite with its king-sized bed and a private sunbathing deck with two large lounge chaises where it is impossible to avoid relaxing due to the soothing sound of the surf. Just under the Gardenia Suite, the Orchid and Palm Suites are nestled. Each one is a king bedroom suite at sea level. Both are flanked by very intimate stone terraces and balconies to catch the cool sea breeze. The view from the verandas is a pleasure, overlooking the spiral stairs leading to two private docks and a Cliffside private beach cove. The docks are ideal for swimming, snorkeling and diving.

Every detail adorning this custom home is a masterpiece of design; a collection of fine art and original sculptures embellish this property inside and out. Enjoy waterfront dining, spectacular sunsets, and ultimate privacy while staying at Steele Point. Whereas it has the breathtaking beauty, sumptuous luxury, and exclusive privacy of its own island, this gated peninsula is within easy driving distance of Tortola's casual gourmet restaurants, white-sand beaches and exuberant rum-and reggae nightlife.
