DESCRIPTION

On entry, ascend to the first floor, where you will find the main living space, beautifully furnished and equipped to make your accommodation home away from home. The open plan layout affords loads of natural light and sweeping cooling breezes to combat our tropical climate. The main living space extends to a luxuriously decorated and furnished terrace, where you are captivated by the glorious views of the royal fairways and the Caribbean Sea in the distance.

Are you tired after your flight? Make your way to the ground floor, where you can find the beautifully decorated en-suite bedrooms. The ground floor features a split level design with one spacious bedroom on the upper level and the other three, including the luxurious master suite on the lower level. The master suite and one bedroom on the lower level boast beautiful pool and garden views with direct access.
