Moving from the wonderful landscape, you enter a grand, atrium- style entrance which opens to the lofty, air-conditioned living room which boasts amazing views of the sapphire ocean.

This room leads on to a top of the range kitchen, fitted with every imaginable appliance, perfect for catering to stylish dinner parties. For those who are aspiring Italian Chefs, there is even a pasta maker! Next to the kitchen you will find the laundry room equipped with washer and dryer.

Also located on the first floor you will find the palatial master room with a spacious bathroom and dressing room. The capacious shower has been covered with pure Anguilla stone tiles – a beautiful sight and amazing testament to the beauty that is the island of Anguilla.

The next two bedrooms are located on the second floor. Separated by a spacious hallway that overlooks the below living areas. The third of the bedrooms is found outside the main building close to the waters edge. Private and kitted out with air-conditioning, television, en-suite and a private deck. These bedrooms all feature comfortable beds, air-conditioning, plasma screen televisions, en-suite bathrooms with capacious showers. But the best feature is the view of the shimmering blue ocean.

Even with these amazing indoor creature comforts you will spend most of your time at Sunset Beach House experiencing outdoor living to the fullest and here is why...

A pristine blue pool, overlooking the waves breaking on the reef below, features a seated jacuzzi section for the ‘colder’ nights in Anguilla. Right behind the pool you will find a luscious outdoor living room decked out with plush, comfy seating and an outdoor television!
