DESCRIPTION

Dating from the 17th Century and fabricated from Island stone, the elegant Manor House blends historic original features with beautiful modern furnishings.

The Manor House comfortably sleeps 14, with six sumptuous bedrooms (three king-size, one double, a twin and children's room with four singles), two en suites and two family bathrooms. The newly refurbished adjacent cottage sleeps a further two (a zip and link bed), with its own en suite.

The kitchen has everything you need (and more) which makes entertaining even a large group a breeze. With the additional scullery and utility room, and elegant dining room, you'll be able to focus purely on culinary creations. Or why not hire a private chef?!

If the weather is in your favour then serve drinks on the sun terrace, or go one step further and dine al fresco.

There are plenty of tranquil spots to tuck yourself away with a book, whether it's cosying up by the open fireplace in the stately living room, or outside in the immaculately-kept gardens.

For those with energy to burn, head to the all-weather tennis court to practice your serve or enjoy a dip in the outdoor heated swimming pool.

The Manor House has something to keep every member of your party happy and is a superb location for special occasions.
