DESCRIPTION

As you enter the villa the floor to ceiling openings give a breathless view of the infinite blue horizon and the picturesque island of Spetses directly opposite... The modern and stylish furnishing, along with the neutral tones of the Villa greet the guests and create a serene place suitable for family vacation.

The estate expands in three levels all with outstanding sea vistas. The main floor offers a spacious living room, a comfortable kitchen, a master bedroom, a twin bedroom and a shower bathroom. The upper level features 3 en suite bedrooms. Just below the main house you may find one independent apartment with 1 bedroom, one bathroom, a kitchen and a seating area and one more suitable for a staff apartment.

The outside space flows into a large swimming pool that invites guests to indulge in complete relaxation at any time of the day. Rejoice lingering over meals or drinks on sun-soaked days and cool nights at the casual seating area with a BBQ and an outdoor kitchen for al fresco dining.

Along with the children corner where our little friends can have a wonderful time this beautiful residence offers a marvellous setting for memorable vacation under the Greek sky.
