DESCRIPTION

Villa Amaite is divided into two buildings, the main house and the casita, and can accommodate up to 20 guests. The main villa can comfortably sleep 12 guests in five suites.

Each of them is equipped with air conditioning, queen-size beds, gorgeous stone-fitted bathrooms, and stunning ocean views. The bedrooms are crafted for sensory rest, with clean lines, local materials, and tasteful design applied to every detail. Also, the sea-facing balconies are ideal to spend long and laid-back afternoons.

The casita, an independent house built in the same style as the main villa, has three more bedrooms and a beautiful sandy area with palm trees, which is perfect for hosting gatherings and other events.

The pool and terrace melt into the white sands of the bay, inviting outdoor gatherings either at the loungers by the water or the alfresco dining table. Meanwhile, the indoor living spaces capture the allure of a beach-side bungalow and elevate it to another aesthetic level.

Villa Amaite is located in one of the most beautiful areas of Soliman Bay, a hideout that retains the original charm of the Riviera Maya. The inlet is just 20 kilometers north of Tulum, making it the perfect base to explore this famous beach town and still spend a peaceful holiday completely undisturbed.
