DESCRIPTION

Surrounded by vibrant greenery and an abundance of fruit trees including guava, mango, avocado, papaya, coconut, and citrus, the villa is immersed in nature and designed to provide an intimate and tranquil atmosphere. The garden, filled with colourful tropical flowers, frames the home beautifully and creates a private sanctuary where guests can truly unwind.

The villa is styled in classic Caribbean fashion and offers generous indoor and outdoor living spaces. It features four comfortable bedrooms, three bathrooms, a spacious living room, a fully equipped kitchen, an external dining area, multiple outdoor lounge spaces, a large deck, and a stunning swimming pool surrounded by sun loungers and tropical foliage. Every space has been designed to encourage effortless island living and seamless flow between indoors and outdoors.

Three of the bedrooms are located within the main villa and are simply yet comfortably furnished, offering air conditioning, ceiling fans, and ample storage. Two of these bedrooms share a family bathroom, while the third benefits from a private en-suite shower room. The fourth bedroom is a charming garden-level apartment with its own independent entrance, offering enhanced privacy. This self-contained space features a queen-size bed or twin singles, a living area, private bathroom with shower, air conditioning, ceiling fan, an open-air kitchen, and a lovely veranda overlooking the garden—perfect for guests seeking a more secluded stay.

A loft level provides additional accommodation with four single beds in a single air-conditioned space, making it ideal for children or extra guests.

The living room is welcoming and comfortable, furnished with a sofa set, coffee table, television, DVD player, stereo system, and a computer desk. The kitchen is fully equipped with modern appliances including a stove, oven, refrigerator, microwave, and a selection of small appliances, making self-catering both practical and enjoyable. The main dining area is set on the expansive veranda that borders half of the villa, where relaxed lounge seating and armchairs create inviting spaces to dine or unwind while surrounded by nature.

At the heart of the property lies an impressive oversized swimming pool set into a wooden deck, surrounded by sun beds, a shaded dining table with parasol, and a barbecue area. Encircled by the tropical garden, the pool and deck offer a private oasis for sunbathing, alfresco dining, and leisurely afternoons beneath the Caribbean sun.

Just minutes away, English Harbour offers a vibrant mix of history, culture, and entertainment, with activities including sailing, scuba diving, fishing excursions, boat rentals, tennis, and horseback riding. A wide selection of restaurants, bars, and clubs ensures there is always something to explore, while the villa itself remains a peaceful retreat to return to at the end of each day.

This exceptional Antigua holiday home combines seclusion, space, and proximity to the island's most iconic destinations, offering an unforgettable Caribbean escape in a setting of natural beauty and relaxed luxury.
