DESCRIPTION

Built from locally-quarried stone to blend harmoniously into its natural surroundings, this stunning new 540m² property unfolds in three levels with two independent units for maximum privacy. Outside, each unit comes with its own fabulous infinity pool while they share the stylish common spaces: there are lounge and seating areas, sunbeds, daybeds and umbrellas, two outdoor showers as well as a shaded dining area for 14!

The house makes the most of its fantastic views. Floor-to-ceiling windows and transparent balconies allow those majestic blues into all the rooms. Raw stone surfaces add a rustic touch to the airy, minimal interior design to create an atmosphere that's chic and comfortable. The huge area of the living room, leading to the kitchen and dining room, all cleverly combine to make an amazing common space. There's a TV room for "vegging out", Wi-Fi, a computer and printer for those who might have to do some work and a game of table soccer for extra fun indoors! Aspiring chefs will love the two well-equipped open-plan kitchens and adjoining breakfast areas.

With eight relaxing bedrooms and six beautifully appointed bathrooms, this villa provides plenty of private space as well; but this is a place that inspires its guests to come together, indulge in its luxurious amenities and share memories that will last forever...
