### DESCRIPTION

Designed by renowned architects Manolo Manestre and Juan Collignon with the concept that every space has intention, Villa Basilia is a network of pathways, reflection pools, lush gardens and dramatic lighting. Sustainable materials and organic elements were used in the construction.

The bedroom suites are separate bungalows placed throughout the property; each has a Control 4 system, wireless music streaming and televisions with Blu-ray. The sliding walls of the serene yoga sanctuary can be closed for air conditioning during summer months; the gym features Precor equipment and the media room a Bowers and Wilkins home theatre system.

The grand palapa is the centerpiece overlooking 150 linear feet of infinity pool that border the two ocean front bedrooms, creating an over-water suite effect. At ocean's edge is a sand terrace with lounges shaded by sculptural Manzanillo trees during the day and a fire pit for star gazing at night. The beach is narrow and rocky but paddle boards and kayaks are provided.

Impeccable staff includes a gourmet chef with sit-down service 3 times per day, a house wine list and Sub-Zero wine storage. Villa Basilia allows events with up to 30 persons, making it the perfect venue for a destination wedding or milestone trip. The villa sleeps up to 12 adults and 2 extra children at no additional fee, but is best suited for children over the age of 6 due to all the water features on the property.

### Amenities
