DESCRIPTION

The poolside lounge area is adorned with colorful sunbeds and typical rocks from the coast, creating an oasis of relaxation with panoramic views of the sparkling Sardinian Sea. Villa Basov's architecture is a harmonious dance between minimalism and comfort. Traditional materials blended with a contemporary design seamlessly integrate with the natural elements, allowing the villa to become an extension of its breathtaking surroundings. Indoors, minimal design, and pastel tones create a calming atmosphere that complements the azure hues of the sea visible through expansive French windows and the charming covered pergola. The living area features an azure round sofa with colorful details, a fireplace, and direct access to the external sitting area. A simple open space includes a well-equipped kitchen to cook gourmet meals inspired by the flavours of Sardinia and a dining table to comfortably host up to seven guests with a breathtaking sea view. Vacation villa Basov features three minimal double bedrooms equipped with every comfort and three bathrooms (two en suites). The minimalistic decor in each room serves as a canvas for the sweeping marine view that unfolds through the windows, allowing guests to wake up to the beauty of Porto Rafael every morning. An additional single bedroom can be used for one staff member and features a characteristic rock formation seamlessly integrated into its design, creating a one-of-a-kind sleeping space. Whether you're basking in the sun by the private pool, enjoying the panoramic sea views, or relishing the unique features of the bedrooms, every moment at luxury villa Basov is a harmonious symphony of sophistication and serenity to enjoy a peaceful and sun-kissed beach vacation.
