DESCRIPTION

Villa Cadence is located at Yarari, a neighborhood inside the Cap Cana resort & residential community which offers 24-hour gated entrance and security.

The villa is located about 8 miles from Punta Cana International Airport – just a short 15-min drive and you'll arrive at Villa Cadence. If you want to go off property to explore the local area, the Blue Mall Punta Cana and Punta Cana Shopping Village are located just outside the resort and you can easily get there in a rental car or with our pre-arranged transportation service.

Villa Cadence sits on a beautiful and spacious lot with lots of space and trees that provide a tropical atmosphere and complete privacy.

The villa is just 1.5 miles from the club house of Punta Espada golf course and close to Juanillo Beach! Jump in your private golf cart that's included in the villa rental and it's an easy drive to the beach – you'll be jumping in the ocean in no time!

Juanillo Beach, which is the beach nearby, is one of the most pristine beaches in the area and known as one of the finest in the Dominican Republic. This beach has white powdery sand and it's a popular place among tourists and locals alike!

You'll find another great beach option at Api Beach Club at the marina. This is a smaller beach situated in a cove by the mouth of the marina and the beach club has a swimming pool, restaurant & bar.

Villa Cadence is a very contemporary minimalist villa built in 2 levels. There are 6 beautiful bedrooms all with ensuite bathrooms, TV, closet space and air conditioning. Several of the bedrooms have their own, private terrace or balcony and there's a very large balcony that stretches almost the entire width of the villa and overlooks the pool and garden.

The outdoor area is a fantastic space where you can relax, play in the pool, enjoy meals poolside and have a great time with your family and friends.

The calm and minimalist interior of this villa is exactly what you need to feel relaxed and calm on your vacation. Villa Bella Luna offers you the elegance of a million-dollar home and all comforts of a private home.

The villa is air conditioned but also offers you plenty of outdoor space if you prefer the feel of the warm, Caribbean air. Spend your days swimming and playing in the pool and soak up the sun lounging on one of the sun beds by the pool. Enjoy delicious meals served poolside on the deck overlooking the lawn and garden and take a nap on the sofa by the pool and let the Caribbean breeze carry you away...

On the ground level of the villa, you'll find the living- and dining room area and open kitchen – all on one, open floor plan. The living room has comfortable sofas and a large TV. The dining room area has a large dining table and chairs for 10 people and the open kitchen is fully equipped with everything necessary to cook your delightful meals – and when you stay at Villa Cadence, you'll even have a chef included in the villa rental!

Slide the big windows to the side and the living room will open up completely towards the outdoor deck and swimming pool area. The large pool is built in 2 levels and has a shallow
