DESCRIPTION

Villa Campos, an exquisite property nestled in the prestigious Es Cubells area, showcases a remarkable fusion of modern luxury and a panoramic vista that spans from Formentera's shores to the surrounding countryside. This extraordinary villa offers top-notch amenities, including cutting-edge domotics and underfloor heating.

This sensational coastal retreat boasts nine bedrooms, a front-line garden, and a breathtaking swimming pool. Set within a vast 10,000 square metre plot, the property spans 470 square metres of living space, thoughtfully divided between the main house and a guest house. With expansive open terraces covering 420 square metres, privacy is paramount in this expansive oasis.

The upper floor of the main house presents a spacious living-dining room, a cozy TV area, an open-plan kitchen, and a grand master suite with awe-inspiring ocean vistas. Meanwhile, the ground floor features an additional four bedrooms, each with its own en-suite bathroom and direct access to the pool terrace. The interiors exude a charming blend of minimalist Ibiza chic, bathed in natural light streaming through the sliding doors that frame the magnificent sea views.

A separate guest house boasts three more bedrooms, with one located on the upper level complete with an en-suite bathroom and a captivating private terrace offering sublime sea panoramas. On the ground floor, two more bedrooms share a bathroom, accompanied by a well-appointed kitchen, a comfortable living area and its own parking area.

Beneath the pool terrace, an additional double bedroom with an en-suite bathroom awaits, alongside a convenient laundry room.
