DESCRIPTION

This three-story villa accommodates 12 guests easily, with 6 stunning en-suite double bedrooms and a breathtaking infinity swimming pool.

The interiors of this most modern of villas combine comfort with cutting-edge design to create an effortlessly chic yet inviting atmosphere as soon as you enter. Light greys, baby blues, and clandestine whites dominate, in keeping with the oceanic theme. The bedrooms are all spacious and luxurious, with large double beds and private bathrooms. On the top floor, three double rooms have sliding glass doors onto private balconies outside, their own flat-screen TVs, and huge marble bathrooms. On the entrance level, a stunning modern kitchen and living area is kitted out with sleek contemporary appliances and a large dining area that seats the whole party.

This open-plan kitchen leads onto the large sitting room area, which is adorned with stunning modern artwork, turquoise and blue sofas and a huge flat-screen TV.

There is also a small room with a desk in for those who need to sneak a private moment to complete some work. This room leads out through large double glass doors onto the private balcony outside, which overlooks the sea. The infinity pool and terrace are absolutely beautiful. The wooden-floored terrace features sunbeds for the whole party, a barbecue, and even a telescope so you can try and see as far as possible over the ocean and beaches below. The bedroom on the lower floor is in a self-contained apartment, and its glass doors lead directly onto the pool-side terrace. Towels and linen are changed twice a week, and there are daily housekeeping services. The house also has its own fully secured garage for those of you who arrive in cars.
